

Appeal To All Human Rights Activists And Organizations, Trade Unions And Political Parties

Free Shireen Najjar And Her Colleagues

The security forces of Baghdad Operations Command and 11th Brigade Arrested more than 11 protest movement activists when raided the head office of the organization (Where Is My Right) today on May 28th, 2011. among those arrested are Shirin Alnajar Shireen Najjar member of the Executive Bureau of Iraq Freedom Congress and member of the Mass Protests Committee in Iraq, Qasim Mohammad, a member of f Baghdad chapter of Worker Communist Party of Iraqi, Alaa Nabil of February 25th group, Mohammed Ahmed and Taha of (Where Is My Right), Abu Muhammad of Anti Unemployment group and many others who their names are unreleased as of yet. these arrests came to add to yesterdays arrest of 4 other activists for the same reason who are, Hamid Aljaff, Moayed Altayeb, Ayad Jihad, and Ahmed.

This campaign of arrests launched by the troops of the Office of Nuri al-Maliki; is a primitive policy to preclude the expansion of the current mass protests across the country after the deadline set by Al-Maliki in which he promised the implementation of economic and social reforms.

While Iraq Freedom Congress condemns such acts that reveal the hypocrisy of al-Maliki and his sectarian government about democracy, it announce that these arrests will not stop our movement from continuing our demonstrations until our demands are met..

Iraq Freedom Congress calls upon all human rights activists and organizations and political parties, to press on Al-Maliki and his government to release those activists immediately.
